

# eenee compostables®

The Australian Made ZERO WASTE disposable acceptable for commercial composting\* better for you and the environment.

Mar 10

Your comfort and health are most important. Our Eenee Compostables provide the very best of current environmental technology. You do not have to compromise convenience or absorbency whilst using our ZERO WASTE disposables.

You demanded it, we have made it ....

Our **super absorbent** disposable ensures you will stay dry.

Our **breathable** waterproof biofilm reduces sweating.

Our **technology** ensures no harmful chemicals.

Our **design** ensures a comfortable slim fit.

Our **renewable** plant based materials ensure sustainability.

Our **concern** for the environment encouraged us to develop a disposable suitable for commercial composting, helping to keep them out of landfill.

Eenee Compostables are endorsed by Compost Australia as being acceptable for Commercial Composting.

Patent Pending  
How to use the eenee compostables® in stretch pants

Place eenee compostables in any close fitting stretch underwear. Suitable for children and adults, male and female for light to medium incontinence.

For extra absorbency, place a Weenees flushable compostable pad inside the eenee compostable.

Weenees available in two sizes:-  
Small 200ml or Medium 400ml

**eenee compostables**

Available in Three Sizes

Small 300ml capacity

Medium 500ml capacity

Large 700ml capacity

\*Commercial composting is an emerging sustainable industry. Please visit our website for an updated list of suitable facilities that accept eenee compostables. Please do not send other disposables for composting as their non biodegradable plastic content will contaminate the compost, reducing its quality and value.

Testimonial for Eenee Swimmers and their value to programs at Glenallen School:- :-

Thursday 22<sup>nd</sup> April, 2004

To whom it may concern

Re: Testimonial for Eenee Swimmers

Glenallen School caters for students with physical disabilities and/or severe health impairments. Our swimming program is very popular and an integral part of our curriculum/delivery in the area of Health & Physical Education.

Many students at Glenallen are incontinent and, in the past, this has created problems. It is a student who goes regularly may be unable to participate in regular swimming programs and swimming programs at school are discontinued when sailing in the pool occurs.

This problem was addressed by using Eenee Swimmers for a trial period. We were so impressed with the results that we have since made them a compulsory item for incontinent swimmers. They are inexpensive, comfortable, smart and most importantly imperative to the smooth, uninterrupted delivery of our swimming program.
